

Model:

Farmer H

Horizontal log splitter for professional and forestry use!

- Linear construction with excellent aesthetic effect.
- Can split / cut roots or logs with a diameter up to 80 cm and length up to 107 cm.
- The working height from the ground is 45 cm.
- Interchangeable cast iron guides GS400 on the pusher plate.
- Hydraulic cylinder closable after work to facilitate the transport.
- Double splitting speed as standard.
- There are some accessories (**optional**) that will make even easier its use:
cross cutter for logs with straight filaments, kit rear and lateral hydraulic lift that allows an easy loading of the log.
- These models are available in different versions:
detached PTO pump (HVP) and 3-point connector 1st– 2nd cat. or with gasoline engine (VS), 500 dia. pneumatic wheels for short distances and drawbar included.

OPTIONAL:
Rear extensions for the splitted wood.
Code 845.100.K

OPTIONAL:
Hydraulic lateral lift.
Code 845.101.K for HVP.
Code 845.107.K for VS.
